FOUNDED NOV. 1st, 1776

SWALLOWS OVER OLD STONE CHURCH

One of the strangest and most interesting sights at the Mission are the busy little cliff swallows—"Las Golandrines" that build their little mud nests in the ledges and arches of the Old Church.

With the coming of spring each year, on St. Joseph's Day, March nineteenth, the return of the swallows is celebrated.

POST CARD

NATURAL COLOR REPRODUCTION—CURTEICH COLOR® ART-CREATION REG. U.S. PAT. OFF.

Dear Joe: These birds are here by the hundreds. Just now the white pigeons are here by the hundreds. They are just beautiful. Every thing fine Mother & Dad.
